FACIAL & ANTI-AGEING TREATMENTS

At Gorgeous we offer a wide range of facial treatments and use [comfort zone] skin care at the heart of our facials. This range of products are vegan, botanically complex with beautiful aromas and results driven whilst being 100% environmentally friendly.

[**comfort zone**]

Our Expert Care facials are designed to work with your skin and help you unwind and relax whilst we care for your skin to rehydrate, nourish, purify or reduce sensitivity. Our advanced anti-ageing Sublime Skin facials will reduce fine lines and pigmentation, boost collagen and leave your skin rejuvenated and glowing with benefits of AHA Peels, Vitamin C, Hyaluronic Acid and intensive natural ingredients.

Our Non-Surgical Facelift offers a facial to firm, tone and tighten the 43 muscles in your face. As we age, muscle tone reduces and using electro pulses Icon can help the muscles to remember what they are there for. Reducing fine lines, dark circles, sagging jowls, plumping lips and more this treatment provides an answer to many concerns of maturing clients.

CRYSTAL CLEAR
SKINCARE

Crystal Clear Microdermabrasion offers a rejuvenation for your skin. Reducing fine lines, increasing circulation and collagen production this facial has a great result for anti-ageing and is also beneficial for reducing scarring on the face and body. This treatment also provides a visible reduction in the appearance of pigmentation.

BODY TREATMENTS

Our body treatment menu is broad and covers image-related treatments through to treatments for the mind, body and soul. Whether you book a twilight massage to relax or a pre-event spray tan you will always receive your treatment delivered with excellent products and professional service.

Pre-Sun & Spray Tanning Services

As part of our services we offer pre-sun or pre-spray tan exfoliation treatments. Thorough exfoliation before your spray tan is vital and gives you a great start to your tanning whether it's in the sun or from the spray gun. Our spray tan services include both regular spray tan solutions and a rapid tan system to give you that speedy turnaround for those last-minute events and trips or for when you just run out of time.

Firm, Tone & Inch Loss Treatments

Gorgeous provides a couple of options for Inch loss and can enhance your losses when you've been working to a healthy eating plan and have plateaued a little bit. Choose from our Lipo Slim Inch Loss Wraps that work on lipolysis (draining the fat cells) or Ultrasound Cavitation, a non-invasive machine treatment that uses ultrasonic waves to turn fat cells into free fatty acids, which the body removes more easily.

A course of treatments is recommended for optimum results and longevity of results will depend on continued healthy lifestyle.
